### **GENERAL**

Welcome at Le-Amen. We trust that it will once again be a wonderful year. Le-Amen wishes each family a prosperous and most joyous year ahead.

Le-Amen was born out of a passion for home-schooling. All the memories, blessings and success keep us going. To home-school your child is indeed a privilege and can never be measured with money! It is always a pleasure working with home-school students.

We have seen many excellent students come and go throughout the years. Many of them are now married and even home-school their own children!

The Le-Amen Education Centre was established in 1995. The name "Le-Amen" means "to train, to prepare and to guide a person"

Enjoy your children. Before you know, they are grown!

Please feel free to phone, should there be any query

### **THE LE-AMEN POLICY**

It is important that you know who is responsible for the different aspects of this important phase and what the role and expectations of Le-Amen are:

- The final responsibility for the effective preparation for the assessments lies with the parents/learners.
- Le-Amen deals directly with the learners/parents.
- The grade 7-9 learners must have **daily supervision** (parent/tutor) and guidance. They cannot be left on their own, as they are still school compulsory age.
- Parents should provide the necessary support and encouragement
- Parents should always be informed by the learners about the progress of their children and to what extent they are meeting the requirements.
- Le-Amen offers support in the form of material and the marking of assessment.
- Le-Amen does not want to be involved in personal and family problems.
- The staff at Le-Amen will not assume the role of reprimanding learners when poor work is submitted.
- **It is not Le-Amen policy to explain or give any report back on assignments.**
- The marked assessment stays the property of Le-Amen.
- **No copies** of the marked assessment will be made.

## **A7**

### **LE-AMEN SE BELEID**

Dit is vir ons baie belangrik dat julle verstaan presies wat Le-Amen aanbied en verwag en waar die verantwoordelikheid vir hierdie baie belangrike jaar lê:

- Die finale verantwoordelikheid vir die effektiewe voorbereiding vir die assessering rus op die ouers/leerder.
- Die graad 7-9 leerders moet **daaglike toesig** (ouer/tutor) hê om hulle te onderrig. Die leerders mag nie op hulle eie gelaat word nie, aangesien hulle nog skool verpligtend is.
- Le-Amen skakel direk met die leerlinge/ouers.
- Van die ouers word verwag dat hulle ondersteuning en aanmoediging sal gee.
- Ouers moet ook ten alle tye weet hoe hulle kind vorder en tot watter mate hy/sy aan die vereistes voldoen.
- Le-Amen bied 'n ondersteunende rol ten opsigte van materiaal en die nasien van assessering.
- Le-Amen wil nie betrokke raak by persoonlike en huissake nie
- Die personeel by Le-Amen sien dit ook nie as hulle plig om leerlinge oor swak werk aan te spreek nie.
- **Dit is nie Le-Amen se beleid om aan jou te verduidelik of terugvoering te gee oor enige assessering nie.**
- Die gemerkte assessering bly die eiendom van Le-Amen.
- **Geen afskrifte** sal van die gemerkte assessering gemaak word nie.

## **E8**

### **LEARNERS**

- Your grade 7-9 year is very important and you will have to work hard as it is of a high standard.
- All learners are of importance to Le-Amen and it is our mission to see each and every student passing successful.
- We have to emphasize that we need your **full co-operation** and commitment to enable us to give you the best service.
- Feel free to contact us, should you have any query or problem that we can sort out.
- You need to get your **own tutor** if needed, especially for Math's and Science
- There is currently a trend that candidates who struggle to function in a normal school set-up due to poor academic results or problems with discipline want to enroll. Distance education is viewed as an easy way out. However we have found that such candidates are even less successful with our system, as it has a very high standard.  
**Candidates who struggle academically or who lack the necessary self-discipline are therefore advised to rather follow another route.**
- We cannot accommodate any learners with remedial and/or other learning difficulties. **No special concession will be allowed.**

## **A8**

### **LEEDERS**

- Jou Graad 7-9 jaar moet ernstig opgeneem word en jy sal baie hard moet werk aangesien die standaard hoog is.
- Die leerders is vir Le-Amen baie belangrik en dit is ons missie dat elke student suksesvol sal slaag.
- Ons moet egter beklemtoon dat ons **volle samewerking** en toewyding vanaf elke leerder moet hê om die beste diens moontlik te kan lewer.
- Julle moet die vrymoedigheid hê om Le-Amen te kontak indien daar enigiets is waarmee ons kan help.
- Jy moet jou **eie tutor** reël, indien nodig, veral vir Wiskunde en Wetenskap.
- Kandidate wat weens swak akademiese uitslae of dissipline probleme nie in 'n gewone skoolopset kan funksioneer nie en dan afstandsonderrig as 'n maklike uitweg sien, kan probleme veroorsaak. Ons het egter gevind dat sodanige kandidaat nog minder suksesvol is met ons stelsel, aangesien die standaard baie hoog is. **Kandidate wat dus akademies baie swak vaar of nie die nodige selfdissipline het nie, word dus aangeraai om eerder 'n ander roete te volg.**
- Ons kan nie leerlinge akkommodeer met remediërende en/of enige ander leerprobleme nie. **Geen konsessies word toegelaat.**

### **EFFEKTIEWE STUDIEMETODES**

- Om by 'n tafel te sit en studeer is glad nie maklik nie – dit verg harde werk. Jy het energie en dryfkrag nodig.
- Baie tyd is nodig en die besteding van jou tyd is baie belangrik
- Beplan 'n vaste roetine en hou daarby – dit verminder stres!
- Bly gemotiveerd deur jouself gedurig te herinner waarom hierdie studies belangrik is vir jou toekoms
- Hou jou liggaam gesond en fiks: eet gebalanseerd en vermy opkickers soos koffie en wakkerbly-middels, slaap genoeg en oefen gereeld.
- Kies 'n lekker plek om te werk met 'n regop stoel en 'n tafel waarop al jou boeke pas
- Hou alles wat jy nodig het byderhand: boeke, papier, penne, potlode, uitveër, liniaal, sakrekenaar, ens
- Maak seker dat die lig helder genoeg is, maar sonder om jou werk te laat blink
- Sorg vir vars lug en 'n gerieflike temperatuur

### **SETTING GOALS**

- Short-term goals: It may be a good idea to use the deadlines of assignments as your short-term goals. You could also divide the work with daily goals that will ensure that you complete an assignment before its due date
- Long-term goals: Develop a vision of what you want to do. Keeping your long-term goals in mind at all times will help you achieve your short-term goals

### **EFFECTIVE TIME MANAGEMENT**

- It is a general rule that evenly spaced, regular study is better than inconsistent, spasmodic bursts of effort. You will achieve much more in 5 hours at one hour per day than in studying for 5 hours at one time.
- It will help you to draw up an activity timetable to plan your day.
- Try and work at times which will be most effective for you: some people work best early in the morning and others later in the evening
- Our attention span is approximately 45 minutes. After that, our brain needs time to consolidate the material. Any study longer than one hour should include a short break.
- Plan activities completely free of study
- **Get a year planner** (most news agencies keep them) and plan your year ahead. **Indicate deadlines and exam dates so that you can see that you are on course.**

### **DOELSTELLING**

- Korttermyn doelwitte: Dit is dalk 'n goeie idee om die sperdatums vir opdragte te gebruik as korttermyn doelwitte. Jy kan dalk uitwerk watter afdelings per dag afgehandel moet word ten einde die opdragte betyds te kan voltooi
- Langtermyn doelwitte: Formuleer jou ideale vir jou toekoms. Hou altyd jou toekomsplanne voor jou. Dit sal jou help om te kan deurdruk met die korttermyn doelwitte

### **EFFEKTIEWE GEBRUIK VAN TYD**

- Dit is belangrik om te besef dat gereelde, uitgebreide studie beter is as kort periodes van intensiewe werk Baie meer word bereik in 5 ure as die tyd uitgesprei is oor een week as wanneer jy 5 ure aanmekaar werk op een dag
- Dit is 'n goeie idee om 'n aktiwiteitsrooster op te stel waar jy elke uur van jou dag beplan.
- Beplan die mees intensiewe werk vir daardie tye van die dag waar jy die lekkerste werk: vir sommige mense is dit vroeg in die oggend en vir ander laat in die aand
- Moenie vir langer as een uur ononderbroke werk nie. Jou konsentrasievermoë laat jou toe om net 45 minute goed te konsentreer. Hierna moet jy 'n kort rukkie ontspan sodat jou verstand die werk wat jy geleer het, kan konsolideer
- Beplan genoeg ontspanningsaktiwiteite weg van jou studies af
- **Skaf vir jou 'n jaarbeplanner aan** (meeste boekwinkels verkoop hulle) Beplan jou werk vir die jaar daarop. **Dui sperdatums en eksamens aan sodat jy kan sien of jy op koers bly.**

### **HOW TO SUBMIT EFFECTIVE ASSIGNMENTS**

- **Make your own notes as you study.** Note-taking is an excellent way to ensure that you are actively busy with the material. Taking notes serves the following purpose:
  - They are an aid to concentration
  - They are an aid to retention of facts
  - They are an aid to revision, especially in the time before the exam when you have to study hard
  - Be systematic and organized and arrange your notes in a logical order
  - Pay attention while you work so that the information can be retained better. Work that you have revised a number of times will also be remembered better.
  - Your short-term memory quickly forgets information and only those items that were successfully encoded will be transferred to your long-term memory
  - For information to be coded successfully for long-term storage, the following is necessary:
    - It must enter the short-term memory often and be kept there long enough
  - **Do not try to memorize work that you do not understand**
  - You can better understand work by thinking about it, talking about it, asking questions, using it to answer questions, etc.
  - Construct well-organized notes
  - Use mind maps
- **Presentation is very important when you submit work.** Even if the content is good, the initial impression is poor if the work is a mess.

**Present your work in an appealing, easy-to-read manner**

### **HOE OM GOEIE OPDRAGTE TE LEWER**

- **Maak opsommings.** Moenie net werk deurlees nie. Dit is belangrik dat jy aktief besig is met die materiaal. Deur opsommings uit te skryf verseker jy dat:
  - Jy konsentreer op die werk waarmee jy besig is
  - Die werk beter onthou word
  - Jy notas het wat dalk makliker is om te leer net voor die eksamen
  - Wees sistematies en georganiseerd in jou werk en rangskik jou aantekeninge op 'n logiese manier
  - As jy aandag gee terwyl jy werk, sal jy die werk makliker onthou. Dit is ook makliker om werk te onthou wat jy 'n paar keer deurgewerk het
  - Jou korttermyngeheue vergeet inligting baie gou. Slegs materiaal wat behoorlik bestudeer word, word oorgeplaas na jou langtermyngeheue
  - Dit is dus belangrik dat jy werk effektief na jou langtermyngeheue sal kan oorplaas. Wenke:
    - Feite moet dikwels in die korttermyngeheue herhaal word
  - **Jy kan slegs werk onthou wat jy ten volle verstaan**
  - Begin altyd 'n sessie deur te herroep wat jy kan onthou voordat jy dieselfde werk weer leer
  - Om werk beter te kan verstaan moet jy daarvoor nadink, daarvoor praat, vrae vra, vrae uitwerk, ens
  - Organiseer feite in 'n logiese volgorde
  - Gebruik "mind maps"
- **Die aanbieding van jou opdragte moet so netjies as moontlik wees** aangesien dit bydra tot die kwaliteit van jou werk en die toekenning van indrukspunte.

**Maak seker dat jou werk leesbaar en interessant aangebied is.**
